Includes mandated benefits such as Social Security, Worker's Compensation, Disability and Unemployment.

(3) Contract College fringe benefits are claimed using approved rates contained in the New York State-Wide Cost Allocation Plan plus a small add-on for the university paid component.

SECTION II: SPECIAL REMARKS

TREATMENT OF FRINGE BENEFITS:

The fringe benefits are charged using the rate(s) listed in the Fringe Benefits Section of this Agreement. The fringe benefits included in the rate(s) are listed below.

TREATMENT OF PAID ABSENCES:

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

1. Extraordinary electrical costs for the Cornell Laboratory For Accelerator-based Sciences and Education (CLASSE) and extraordinary electrical costs, telecommunications costs and chilled water costs of the Theory Center program associated with, but not including normal utility costs for building maintenance are excluded from the modified total direct cost base. The exclusion of these costs from the MTDC base does not represent an agreement that these exclusions are accepted for subsequent negotiation of future years' rates.
2. In addition to the fringe benefits listed in the Fringe Benefits Section of this agreement, the following fringe benefits are included in the full benefit rates: retirement, health insurance, life insurance, long term disability, employee-only tuition, employee wellness and assistance program and childcare.
3. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds \$5,000.
4. For all activities performed at a location which has neither the use, access, nor aid of owned or leased University-operated facilities, the off-campus rate will apply. Normally actual costs will be apportioned between on-campus and off-campus components with each portion bearing the appropriate rate. For awards issued on or after 7/1/2023, small projects (projects with annual salaries of \$150,000 or less) shall be classified as entirely on- or off-campus. For further details please refer to the university procedure.
5. This rate applies to positions covered under the Intergovernmental Personnel Act (IPA) Mobility Program. This rate includes the applicable administrative costs only.
6. The next F&A cost rate proposal based on fiscal year ended June 30, 2025 actual costs is due by December 31, 2025.
7. Endowed fringe benefit proposals based on actual costs for the fiscal years ending June 30, 2024 through June 30, 2026 are due by December 31, 2026. A contract college fringe benefit proposal based on actual costs for fiscal year ended June 30, 2023 is due after submission from the State.

SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted: such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
